Crafted to meet the challenges of a demanding industry

The Crane Roll-Off Hoist

When researching the industry for a rugged Roll-Off Hoist to handle those Herculean lifts, it becomes quite apparent that nothing compares to a Roll-Off unit from Universal Handling Equipment. Anyone in the industry will tell you that Universal Handling Equipment has the best combination of strength and durability in the marketplace today. All crafted to meet the challenges of a demanding industry.

- 13 distinct models from which to choose
- 3 hoist styles:
Telescopic (Series 2000)
Bale Style (Series 3000)
Reeving (Series 4000)
- 3 lifting capacities (50,000, 60,000 or 75,000)
- 2 standard bed lengths (23' 6" or 26")

Virtually any combination to satisfy any job requirement

The choices are endless...

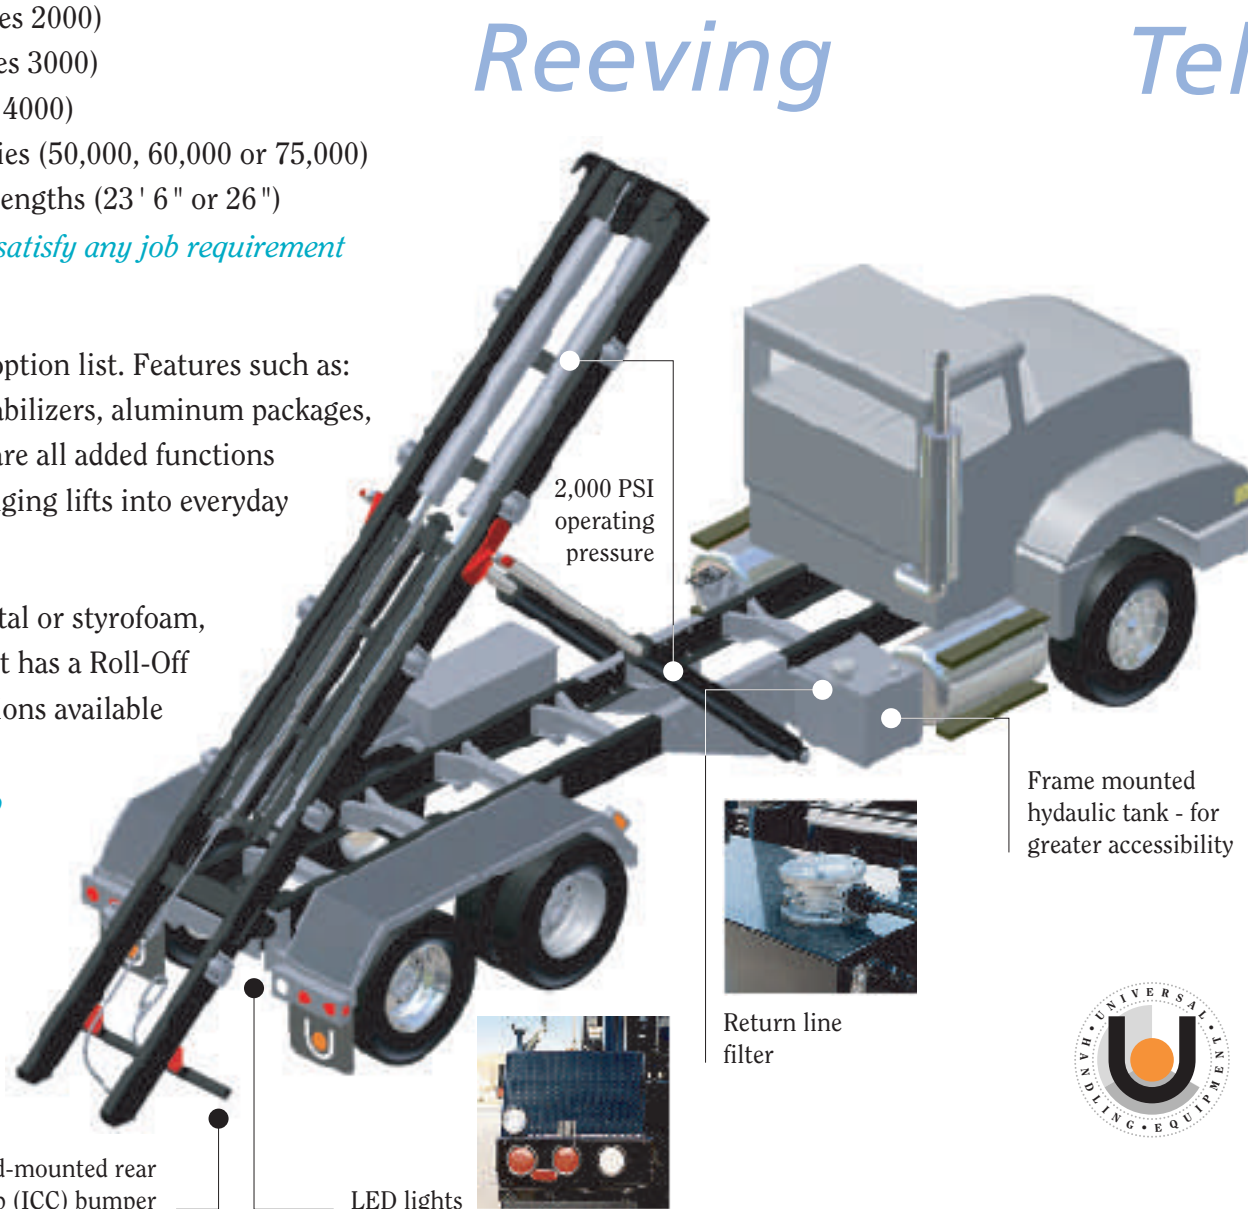

Consider our comprehensive option list. Features such as: inside/outside rails, rollers, stabilizers, aluminum packages, stinger tails and wet line kits are all added functions designed to turn those challenging lifts into everyday assignments.

Whether it's hauling scrap metal or styrofoam, Universal Handling Equipment has a Roll-Off Hoist and complementary options available to satisfy all situations.

And if that doesn't do it, we do specialty Roll-Off Hoists too!
